

# WOULD YOU EVER

Luke Christopher

Would you ever love a man like me?  
Would you ever love a man like me?  
Would you ever love a man like me?  
Would you ever love a man like me?  
She said if you cheated 4 times on your ex-girl  
How your next girl finna know that you real?  
She said if you cheated 4 times on your ex-girl  
How your next girl finna know that you real?

I lost the opinion, trust me, whatever your ex a know  
Her best friends and all the rest to know  
Them girls stay trippin' cause we left 'em cold  
Hit em up on the phone, they like next to know  
Either way I'm on the highway, doin shit my way  
When I got the call from a broad playin mind games  
Talkin pretty words like "I need you in my life now"  
Meeting with my ex-girl's best tonight  
Oh shit we gon' hit the strip in my whip  
I told er boosy I'm not boozy, I'm just rich  
And later you gon' do me in Jacuzzi, can you dig?  
She like "yes", I'm like "shit!" and what we waitin' on chick?  
She like "I know your ex-girl well, you see?"  
Not to mention what my conscience is tellin' me  
Knowin niggas like you raise hell, you see  
And honestly I just don't want that shit to happen to me  
I'm like

Would you ever love a man like me?  
Would you ever love a man like me?

She knockin' em back, I just made a few mistakes is all  
Nigga lookin for a girl to be a wake up call  
Cause the life that I live and all the pretty women following me  
Don't need another pretty face is all  
In the backseat chillin', Cassandra, Cassandra  
Tellin' me how bad she want it, she want it  
But can't put my past behind her  
She was sippin' Henny, now she chugging on the agua  
Tryna sober up, I said I'd change girl, I promised  
She like "boy I never know when you're being honest"  
What the time is? I'm like "baby don't leave"  
She like "I'm sorry nigga, I just don't know what you could be"  
I'm like

Would you ever love a man like me?
