

Wrong 4 Luvn' U

Luke Christopher

Is it the way you say my name girl?
Am I wrong for lovin' you?
Is it the way you play your games girl?
Am I wrong for lovin' you?
You babe

Lost in your eyes, I know your mind love someone else
And I feel my body melt but I still can't help myself, girl
It's no surprise you say you want me I can tell
You tryna keep me in your space
I don't know where I gotta stand
And even when the good girls come I don't know how to hold them
But when I kick it with you it's a movie and a poster
I don't know if I'm searching for all of the wrong thing
But I'm up against the edge, yeah
If you push me now I'm dead

Is it the way you say my name girl?
Am I wrong for lovin' you? (You babe, you babe)
Is it the way you play your games, girl?
Am I wrong for lovin' you? For loving you (You babe, you babe)
You babe

We started going in that direction
Then you said you only want a bestfriend
Then you steady wanting my attention
Why you leave me hangin' like a necklace?
Baby you can try to treat me like a possession
Never lie, I just answer all the question
I get close to you then I get invested
Then I get protective, then I get defensive
Give me something real I can touch on
Lemme put this love on
I won't let you be another girl I was stuck on
Still, must be a sucka for you
For the way that you move and the things that you do

Is it the way you say my name girl? (Say my name)
Am I wrong for lovin' you? (You babe, you babe)
Is it the way you play your games, girl? (Your games girl)
Am I wrong for lovin' you? For loving you (You babe, you babe)
You babe

I'm tryna breathe
Sinking in you, girl
I'm tryna breathe
Sinking in you, girl
I'm tryna breathe
Sinking in you, girl
I'm tryna breathe
Sinking in you, girl
I'm tryna breathe
Sinking in you, girl
Tryna breathing in baby
Ain't fighting for you lately
I'm tryna breathe
Sinking in you, girl

I'm tryna breathe
Sinking in you, girl
I'm tryna breathe
Sinking in you, girl
I'm tryna breathe
Sinking in you, girl
