

# Hurricane

Luke Combs

Hadn't had a good time  
Since you know when  
Got talked into going out  
With hopes you were staying in

I was feeling like myself for the first time  
In a long time  
'Til I bumped into some of your friends  
Over there talkin' to mine

Then you rolled in  
With your hair in the wind  
Baby, without warning  
I was doing alright  
But just your sight  
Had my heart storming

The moon went hiding  
Stars quit shining  
Rain was driving, thunder, lightning  
You wrecked my whole world when you came  
And hit me like a hurricane

You hit me like a hurricane

Knew it was gonna be a long night  
From the moment when  
We locked eyes  
Over whiskey on ice  
Started talking bout us again

If I would've just laid my drink down  
And walked out  
I wouldn't be in my truck  
Driving us to your house

But you rolled in  
With your hair in the wind  
Baby, without warning  
I was doing alright  
But just your sight  
Had my heart storming

The moon went hiding  
Stars quit shining  
Rain was driving, thunder, lightning  
You wrecked my whole world when you came  
And hit me like a hurricane  
You hit me like a hurricane

Category five  
With your smile  
Blew me away  
And, girl, it ain't but midnight  
You done killed the lights  
Bent my heart back to your bedside

Then you rolled in  
With your hair in the wind  
Baby, without warning  
I was doing alright  
But just your sight  
Had my heart storming

The moon went hiding  
Stars quit shining  
Rain was driving, thunder, lightning  
You wrecked my whole world when you came  
And hit me like a hurricane  
You hit me like a hurricane  
Hit me like a hurricane
