

Shakes

Luke Hemmings

Lost in the morning
Time starts to crawl
Can we share the lonely
If my heart is small?
Your touch is deadly
And I wanna call
Is it better to feel this or feel nothing at all?

Honey, I just wanna be yours
Wanna be yours
Inside your dreams tonight
Oh no, oh no
I can't shake this feeling
Boy, I just wanna be yours
Wanna be yours
Inside your dreams tonight
Oh no, oh no
Can't shake this feeling
Shake, shake, shake, ooh
Shake, shake, shake

I feel it coming
My blood is wine
Oh, I can't help but chase you
My butterfly
I wanna go out in my sleep now
So I don't feel no pain
The city tends to move on all the same

Honey, I just wanna be yours
Wanna be yours
Inside your dreams tonight
Oh no, oh no
I can't shake this feeling
Boy, I just wanna be yours
Wanna be yours
Inside your dreams tonight
Oh no, oh no
Can't shake this feeling
Shake, shake, shake, ooh
Shake, shake, shake...

I just want to be, I just want to be yours
I just want to be, I just want to be yours...

Honey, I just wanna be yours
Wanna be yours
Inside your dreams tonight
Oh no, oh no
I can't shake this feeling
Boy, I just wanna be yours
Wanna be yours
Inside your dreams tonight
Oh no, oh no
Can't shake this feeling
