

all of your love

Luke James

You got the kinda loving that'll break a motherf*ckers knees, baby
Got me begging got me craving, I just wanna get a squeeze baby

Don't leave me 'lone, leave me 'lone
Leave me 'lone, leave me 'lone
Leave me alone right here
I want it all, want it all
Want it all, want it all
I Want it all my dear

All of your love
Give it all to me baby, yeah
All of your love, yes
What's for me is for you baby
All of your love
I need it
Give me all of your love
(Oooo)

Like a flame to a moth, I'm addicted to your sauce so bad
I want it 24/7, 365, 911, I need it fast

Don't leave me 'lone, leave me 'lone
(So so fast)
Leave me 'lone, leave me 'lone
Leave me alone right here
(Gotta let me tell 'em baby, yeah)

I want it all, want it all
Want it all, want it all
I Want it all my dear

All of your love
Give it all to me baby, yeah
All of your love, yes
What's for me is for you baby
All of your love
'Cause I need it
Give me all of your love
Oooo

All of your love
Give it all to me baby, yeah
All of your love, yes
What's for me is for you baby
All of your love (I need it)
Only you, I don't give a damn about 'em
Give me all of your love
Ooh

Our love your love on me
Our love my love in you
Our love your love on me
Our love my love, ooo!

You ever think that, maybe
Maybe it's destiny?

Maybe it's destiny that brought us together?
