

blow

Luke James

If by your side
I let go
I float on to a place
Where time slows
In all this time
We both know
That what we feel we don't control

(Ah...ah...ah...)
Blow!
(Ah...ah...ah...)
Just blow!
(Ah...ah...ah...)
Natural high
The force
(I love it)

Your secret fire
Got me lit
Our grinding our bodies like
Raging kids
Nature is
f*cking unrestrainable
And we know
That what we feel we don't control

(Ah...ah...ah...)
(Oh yeah, baby)
Just blow!
Running wild, we're in it now
Baby
Just blow!
(Ah...ah...ah...)
Natural high
So high

We begin to feel the expansion of our minds
No inhibition
No fear to hide
And our senses are magnified
Sweet ambrosia
Your kisses bring me life
Feel my love inside
We enjoy the ride
Until sunrise
That high
