

# gratitude

Luke James

I am blessed blessed blessed  
I am blessed blessed blessed  
I am blessed blessed blessed  
I am blessed blessed blessed  
I am blessed blessed blessed  
I am blessed blessed blessed  
I am blessed blessed blessed  
I am blessed blessed blessed

If your able to wake up and see the sunshine  
You're blessed  
In the storm and the chaos if you still have your peace of mind  
You're blessed  
If you're able to love your brother even though they make mistakes  
You're blessed  
If you thank God that your able to keep running this human race

You're blessed  
No matter where your from, no matter how many mistakes you've made  
You're blessed  
You're still livin' and you're still above the grave  
You're blessed  
Look at your neighbor  
Hug your neighbor  
And tell your neighbor "you're blessed"  
Because you never know when it's gon' be the last time  
You get to see your neighbor  
Cause you're blessed  
Get into to your mind and understand your losing time  
Show shine little brother, little sister  
Haha  
Shine
