

## shine on

Luke James

Maybe you're a god sign  
Heaven's on the inside  
That is what I find  
Never away  
Collide you're my  
Beam of light  
Shine on me  
Shine on

And wash away  
My darkest days  
Shine on me  
Shine on  
Oooo  
Oooo  
Shine  
Oooo  
Oooo  
Shine

We are never far  
I am an anthem of your heart  
Light is who you are  
You love me like the stars above  
Never giving up on me  
Shining your light on me  
I'm where I'm supposed to be  
With you  
Oooo  
With you  
  
Shine on
