

Slow Down

Luke Sital-Singh

What if someone comes and tares us apart
Someone could tare at us
If the voices don't allow me to stop

I'm always listening
I've been building something big in my heart
Building a rocketship
Something glorious to fly us away
But I can't even pyle it in

What if I can't
What if I can't
Slow down
Hold down
You're my love darling
It's enough darling
Slow down
Slow down
You're my love darling
It's enough darling

I've been shaking to the crumbling walls
All that we've made
I can't help it if I'm stuck here indoors
And there's noway out of here
I thought maybe if I run really fast
Keep running and running
I'd never again ever meet with my past
But its always surrounding me

What if I can't
What if I can't
Slow down
Hold down
You're my love, darling
It's enough, darling
Slow down
Slow down
You're my love, darling
It's enough, darling

Oh-oh-oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh-oh-oh

Slow down
Slow down
You're my love, darling
It's enough, darling

Slow down
Slow down
You're my love, darling
It's enough, darling

Slow down
Slow down

You're my love, darling
It's enough, darling

Slow down
Slow down
You're my love, darling
It's enough, darling

You're enough, darling
It's enough, darling

You're enough, darling
It's enough, darling
