

## Face to face

LUNA SEA

Rewind the time a little  
Us two alone in the universe

Because we couldn't even make memories together  
My heart is blank

Face to Face  
Flying over the stars  
Flying over the time  
Kissing in the cosmos

If time stopped once again  
Us two alone in the universe  
Because we couldn't even make memories together  
You are blank

Face to Face...
