

Better World

Luna

There are worse things in this world
Than to believe
In something better
For you and me
I've been afraid
I've held myself back
For so long
But now you're here
And I can't let you down

Oh wherever you go
I'll be here for it all
And I want you to know

That for you I fight
And I fail
And I rise back up again
What else can I do?
But build a better world for you
Better world for you

And I've never known love like this
A chance for me to start again
So I'll let my doubts rest
Have faith and let the pieces fall
Where they may

Oh wherever you go
I'll be here through it all
And I want you to know

That for you I fight
And I fail
And I rise back up again
What else can I do?
But build a better world for you

Better world
Better world

I fight
And I fail
And I rise back up again
What else can I do?
But build a better world

For you, you, you

For you, you, you

And watch it come around
Watch it come around
It'll come around for us
Someday
Watch it come around
It'll come around
We'll make it come around for us

In the end

So I fight
And I fall
And I rise up
Standing tall
What else can I do?
But build a better world for you
Oh

I fight
And I fail
And I rise back up again
What else can I do?
But build a better world for you
Better world for you
