

Broken Promises

Luna

Baby, I'm damaged, I could not plan this
Won't you be mine tonight?
I think I've had it, you're a bad habit
And I don't wanna fight
So, I wake up with a million problems
And I don't know who to blame but me
And here I am just stuck at the bottom
Sometimes life's just a tragedy

Broken promises
They all surround me
Makes it hard to live
But, I'm glad you found me

Fake love, everybody treats me different
I know, it's just life as a misfit
Fake love, everyone's startin' to give it
I don't want a single commitment
I won't give in to the pressure I
Won't fold, giving this my everything
Cut-throat, in the street, running
I'm so- I won't go

I won't go
I won't go
I won't go
I won't go

Baby, I'm damaged, I could not plan this
Won't you be mine tonight?
I think I've had it, you're a bad habit
And I don't wanna fight
So, I wake up with a million problems
And I don't know who to blame but me
And here I am, just stuck at the bottom
Sometimes life's just a tragedy

Broken promises
They all surround me
Makes it hard to live
But, I'm glad you found me
