

Dizzy

Luna

I wanna help you understand
I wanna see you if I can
I'm loaded up and weighted down
and I'm surrounded by demons
it's fantastic

because your eyes make me weak
and your lips make me dizzy
and i want you to see
just how good it can be

in ancient Greece there was a man
lived in a barrel, he had a plan
my life is small, and getting smaller
and I'm surrounded by demons
it's fantastic...
