

Fully Loaded

Luna

I be fully loaded, I be whippin' foreign cars
Always stay devoted, momma knew I'd be a star
Now I'm steady flowing, feeling like I'm high as Mars
I'ma keep on going, I'ma always raise the bar

I-I-I be fully loaded, I be whippin' foreign cars
Always stay devoted, momma knew I'd be a star
Now I'm steady flowing, feeling like I'm high as Mars
I'ma keep on going, I'ma always raise the bar

Told me I could not do it, lookin' at 'em all losin'
Pussy wanna talk, now I'm sendin' another round through 'em
Sick of all these lames, you just focused on what I'm doing
Worry 'bout yourself bitch, find a lane, stick to it

Quiet down, voices gettin' too loud
Stuck in my head, I won't come down
Run up on my friends, you get laid out
Going to the end, 'till I'm faced down

I be fully loaded, I be whippin' foreign cars
Always stay devoted, momma knew I'd be a star
Now I'm steady flowing, feeling like I'm high as Mars
I'ma keep on going, I'ma always raise the bar

I-I-I be fully loaded, I be whippin' foreign cars
Always stay devoted, momma knew I'd be a star
Now I'm steady flowing, feeling like I'm high as Mars
I'ma keep on going, I'ma always raise the bar
