

Get Cake

Luna

Second I awake, I can't get a break
Work till the sun's up, I be up late
Yeah I get fans like every single day
Get cake till I'm dead, and I'm knocking at the gate
Wonder where I'll end up; probably in the lake
If you got a problem, stand up and say it to my face
Momma always said I'mma be something great
Yeah I stack M's that's my motherfucking fate

It's my motherfucking fate
Fuck a label and a chain
I'mma be somethin' great
Fuck a plant-ass look
And a Saint Laurent cape
Got the mask pulled down
Somethin' that you can't escape
Yeah, yeah
I don't wanna call out
All the shit I found out
Yeah, yeah
Sick of goin' all out

I found a way out
I found a way out
I found a way out
I found a way out
I found a way out
I found a way out
I found a way out
I found a way out

Second I awake, I can't get a break
Work till the sun's up, I be up late
Yeah I get fans like every single day
Get cake till I'm dead, and I'm knocking at the gate
Wonder where I'll end up; probably in the lake
If you got a problem, stand up and say it to my face
Momma always said I'mma be something great
Yeah I stack M's that's my motherfucking fate
