

## Going Home

Luna

I've seen her face  
In those scented magazines  
All is forgivin'  
I love her still  
And we're home, home  
Goin' home

The chrysler building  
Was talkin' to the empire state  
The twin towers  
Were talkin' to each other  
Sayin' all is forgivin'  
I love you still  
And we're home, home  
Goin' home

What she saw in him  
Nobody knew  
It's a mystery  
What she saw in him  
Nobody could tell  
Now it's history  
All is forgivin'  
I love her still

And we're home, home  
Goin' home  
And we're home, home  
Goin' home  
And we're home, home  
Goin' home
