

I wonder what goes on
I wonder what IÂ'd find
Behind all the eyes
Behind all the eyes

I wonder who lives there
Beyond the walls of lies
I see the hurt and the drain
I see the lost and the gain

Then I wonder what they all do
(I wasnÂ't listening to you)
When they go home
(I wasnÂ't hearing a word of it!)
Where are they goin to?
Are they going blind?
(I was stone I was shot)

Well I donÂ't know anymore
I canÂ't know anymore
'Cause I cannot control
What isnÂ't mine

I see the wrinkles and veins
I see the broken dreams and pain
IÂ've wondered ever since birth
IÂ've wondered what is worth!

Yeah and when I looked yo the door
ItÂ's what I saw
And I saw you
As your stare tears thru my eyeballs
I wanna rip-rip into you

Well do they wonder of me?
(I wasnÂ't listening to you)
So I sit back and focus on
(I wasnÂ't hearing a word of it!)
WhatÂ's mine!
(I was stone I was shot)

Excuse me, excuse me!
Are you listening to me?
This is my stop
And I gotta get out!
I gotta get out!
I gotta get out!
