

This Is Serious

Lunachicks

Lunachicks on the run
Lunachicks are having fun!
Lunachicks make lots of noise
To prove rock & roll's not just for boys

On the road and on the rag
We fuckin' rule, so we gotta brag
Gonna take over the world someday
Stay off our path or get out the way!
Stay away!

Lunachicks on the run
Lunachicks are having fun!
Lunachicks make lots of noise
Now you know rock & roll's not just for boys!

This is serious
We can make you delirious
You should have a healthy fear of us
Too much of us is dangerous

Gonna take it all on a silver platter
Say all you want 'cause it just don't matter
Gonna knock your socks off tonight
Don't try to stop us 'cause we'll win the fight

We're not sweet, but we might be sour
Born in the days of Flower Power
Give us all your money and your credit cards, too
You step off and stick to huffing glue
Step off!

This is serious
We can make you delirious
You should have a healthy fear of us
Too much of us is dangerous

We're not candy
Even though we look so fine and dandy
When you're sick, we come in handy
But we're not candy
Oh no no no no no no no no no!
Oh no!
