

## Day by Day

LUNAFLY

I'm singing in the rain  
To keep my hope alive  
Coz I'm dreaming that I'm sinking again  
I'm singing in the rain  
What a feeling  
I know I gotta fought with my head again  
It ain't easy you know, to leave the darkness behind  
Oh I'm waiting Day by Day yeah yeah  
Hoping that I won't be dreaming yeah yeah yeah  
I will watching the best thing is  
Slowly push me along  
and I'm waiting Day by Day yeah yeah  
For a new me to be borned  
I say yeah yeah yeah

I'm singing in the rain  
To stop the falling pain  
I think I see my light in shining on me  
Could this be my way out, something to shout about  
Hoping that I will always lying on the stars  
It ain't easy you know, to leave the darkness behind  
Oh I'm waiting Day by Day yeah yeah  
Hoping that I won't be dreaming yeah yeah yeah  
I will watching the best thing is  
Slowly push me along  
and I'm waiting Day by Day now yeah yeah

Every time that I hear your voice  
I grow I grow I grow  
and this waiting I can't control yeah  
I wonder if you hear me now oh  
hear my cry

I'm singing in the rain  
To keep my hope alive  
Coz I'm dreaming that I'm sinking again

Oh I'm waiting Day by Day yeah yeah  
Hoping that I won't be dreaming yeah yeah yeah  
I will watching the best thing is  
Slowly push me along  
and I'm waiting Day by Day yeah yeah  
For a new me to be borned  
I say yeah yeah yeah
