

Better Luck

Lunar Vacation

And I never felt so lonely like I did standing next to you
What a put together, kind, beautiful man I pushed away from me
Timing's never worked out for you and I
But after all the time we spent I'm glad that we tried
Better luck next time

Dodging any mention of forever or a couple months
Endless talking down and arguments of what you lied about
The cracks are catching sunlight, can't you see?
They were so much bigger than I could bear to leave
Could bear to leave

We were in love, we were in love (We were in love)
We were in love, we were in love (We were in love)
We were in love after the first time

Time and time again I've found new ways of disappointing you
Couldn't say I'm sorry or in any way apologise
Happiness is coming, can't you see?
Happiness is coming and it's not with me
It's not with me

We were in love, we were in love (We were in love)
We were in love, we were in love (We were in love)
We were in love after the first time
We grew apart, we were in love (We were in love)
We grew apart, we grew in love (We were in love)
We were in love after the first time

Time and time again I've found new ways of disappointing you
Couldn't say I'm sorry or in any way apologize
Happiness is coming, can't you see?
Happiness is coming and it was never with me
It's not with me

We were in love, we were in love (We were in love)
We were in love, we were in love (We were in love)
We were in love after the first time
We grew apart, we were in love (We were in love)
We grew apart, we grew in love (We were in love)
We were in love after the first time
