

Sleepy Couch

Lunar Vacation

She slept too soundly to remember any dream
Nothing to think about, I guess it seems?
"To remember is to forget"
Everything that I regret...

Closing in, quickly on my mind
Leaving fast
Slowly, right on time
There's nothing left to say
I guess I'm fine
Leaving fast
Slowly
Far behind

She began to notice all the shit that was going down
Still not enough for her
No one's even around
Never know what will happen next
Using you for something else

Closing in, quickly on my mind
Leaving fast
Slowly, right on time
There's nothing left to say
I guess I'm fine
Leaving fast
Slowly
Far behind

I wanted her, but she wants to meet everybody
