

Tom

Lunar Vacation

Tom you look at me again
And I want you to be my friend
Let me out or let me in
Tom you're breaking up those trees
Can you please just look at me
Face to face we'll never meet

As lonely as it seems
For now I'll only think
That the flowers in your hand were meant for me

Tom you look at me again
And it's clear you don't wanna be friends
What's it take to be a man?
(What's it take? What's it take? What's it take?)
Tom I know it's much too soon
And I don't even know you
But I've seen you on a frame
(In the dark, in the night)

As lonely as it seems
For now I'll only think
That the flowers in your hand were meant for me
As lonely as it seems
For now I can only think
That the flowers in your hand were meant for me

Tom you look at me again
And I want you to be my friend
Let me out or let me in
(Let me in, let me in, let me in)
(Let me in, let me in, let me in)
(Let me in, let me in, let me in)
(Let me in, let me in, let me in)
(Let me in, let me in, let me in)

As lonely as it seems
For now I'll only think
That the flowers in your hand were meant for me
As lonely as it seems
For now I can only think
That the flowers in your hand were meant for me
