

Right To Be Wrong

Lunaspape

No one is right or wrong
No one to blame
No matter if you are strong
Nothing to gain
Even the lies are true in a dream
This is for real
Every single day you need me

Don't take the right from me
The right to be wrong
Don't be scared to be loved
For I take the final right to be wrong

Never believe I'm right
Never be brave
Whenever you loose your pride
Calling for grace
Even the silence doesn't heal
The way you feel
Every time you fail to love me

Don't Take the right from me
The right to be wrong
Don't be scared to be loved
For I take the final right to be wrong
The right to be wrong
Am I right?
