

Cheat

LunchMoney Lewis

Baby you should cheat, tonight
Just from 3 to 6, be mine
Baby you should cheat, tonight
Skip the politics, one time

Why ya man let you leave with that dress on?
Always sitting at home waiting by your phone
I can't even lie, girl you look so good
Any man would go home with you, if he could

I know that you came to this party
Looking for somebody
Got a nightstand, to leave a ring on top
Got a nightstand, to leave a ring on top
If you leave with me shawty, I won't tell anybody
Got a night stand, to leave a ring on top, just sayin'

Baby you should cheat, tonight
Just from 3 to 6, be mine
Baby you should cheat, tonight
Skip the politics, one time

Oh what a night
The drinks is cold and your dress fit right
Oh so tight, it's what I like girl you fine like wine
What's your name? Nevermind, what's your number? What's your sign?
We can go, your friends don't mind

I know that you came to this party
Looking for somebody
Got a nightstand, to leave a ring on top
Got a nightstand, to leave a ring on top
If you leave with me shawty, I won't tell anybody
Got a night stand, to leave a ring on top

Baby you should cheat, tonight
Just from 3 to 6, be mine
Baby you should cheat, tonight
Skip the politics, one time

Cus a girl like you should never be lonely
Lookin' like that you should never be lonely
A girl like you should never be lonely
Lookin' like that you should never be lonely

I know that you came to this party
Looking for somebody
Got a nightstand, to leave a ring on top
Got a nightstand, to leave a ring on top
If you leave with me shawty, I won't tell anybody
Got a night stand, to leave a ring on top

Baby you should cheat, tonight
Just from 3 to 6, be mine
