

Bad Timing

Lunik

If there are angels in the world you're the king of
them
It was so good to be with you
You're the nicest person in the world that I ever met
So it really doesn't make any sense what I'm up to
I'm standing in the doorway
There's a cold, cold breeze floating through me
And it tears me away to other places, other reasons,
other faces
Baby I've gotta leave you

Gotta be alone now
Gotta face the storm now alone
Bad luck for your
Gotta run away now
Gotta cause you pain now
This has nothing to do with you
It was the wrong moment in my life
It was really bad timing
I'm so sorry that I've hurt you
But I've gotta be alone now

When I look in the mirror I see a monster
I failed completely and you have to pay for it
You're right to ask why but all I can say is
You're fine the way you are just blame it on me
'Cause I'm standing in my own way
There's this cold, cold breeze floating through me
And it tears me away to other places, other reasons,
other faces
Baby I've gotta leave you

Gotta be alone now
Gotta face the storm now alone
Bad luck for you
Gotta run away now
Gotta cause you pain now
This has nothing to do with you
It was the wrong moment in my life
It was really bad timing
And I'm so sorry that I've hurt you

How on Earth could anyone understand it when even I
don't
Well you do
You forgive me
I never dared to expect you to
I'm really thankful you let me go 'cause you know
You know

Gotta be alone now
Gotta face the storm now alone
Bad luck for you
Gotta run away now
Gotta cause you pain now
This has nothing to do with you
Gotta be alone now

Gotta face the storm now alone
Bad luck for you
Gotta run away now
Gotta cause you pain now
This has nothing to do with you
It was the wrong moment
It was really bad timing
