

## Other Side

Lunik

On the other side  
is another world  
I adore  
'cause a better world  
I've never seen before

Clouds - I've just left behind  
and I try  
to keep them in my mind

It's dark - I've just left behind mistakes  
a new task maybe waits  
in another world

Fears - I've just left behind  
and I'll try  
to keep them in my mind

New grounds - I'm their pioneer  
fatal armed  
human's knowledge is my gear
