

Preparing To Leave

Lunik

Finally I found the meaning of my being
And I came upon the answers I'd always tried to find
Finally I crossed the borders of my order
And I allowed myself to reach out for the throne
But with no one sitting next to me it's not how it
should be
I don't wanna be alone anymore
I learned to wear the crown over my own inner kingdom
But without you I ain't nowhere at home
Time... Time...

I don't mind dryin' your eyes
Hold your hand the day you die
I don't mind if you want more
If it's me you're looking for

Every sec i'm someone new because of all the things I
do
I'm living, growing, collecting and learning
But every time I think it through I'd like to share it
with you
I should've known
I learned going on like I once sang in my own song
But I wonder if it's right what I've done
Time... Time...

I don't mind dryin' your eyes
Hold your hand the day you die
I don't mind if you want more
If it's me you're looking for

Everybody has got a past
And I'm coming from a place between nowhere and good-
bye
I'm always awake 'cause I learned
That living means preparing to leave

I don't mind dryin' your eyes
Hold your hand the day you die
I don't mind if you want more
If it's me you're looking for
I don't mind dryin' your eyes
Hold your hand the day you die
I don't mind if you want more
If it's me you're looking for
I don't mind if you want more
Is it me you're waiting for
