

I Got 5 On Us

Luniz

Creep on it
Oh, see, I'm running for life
Oh, and I'm trying to survive
But I got 5, I got 5

I got 5 on us
Yo, let's go, let's leave the scene
I got 5 on us
Won't believe what I just seen
I got 5 on us
And I ain't going out like that
I got 5 on us
Man, just run and don't look back

Somebody better tell 'em it's about to be another one of them bloody murders
But I'm with it, my nigga, to be the victim, I'd rather be the payoff, wanna
be the nigga with the leather face
Running, tell 'em, "Get away", but it's seconds too late
Wanna live another day, nigga, better pray
Better keep a steady pace 'til I beat this race
I could've escaped but I wanna play
I'm roaming, I'm zoning, no time to stay focused
It's weird 'cause nobody seems to get near me
The demons are screaming
Could it all be 'cause we said ouija, are you with me?
Bloody murder, murder, bloody murder, murder, bloody murder
Come murder one, come murder them all

I got 5 on us
Yo, let's go, let's leave the scene
I got 5 on us
Won't believe what I just seen
I got 5 on us
And I ain't going out like that
I got 5 on us
Man, just run and don't look back

Look, look, look
It's the night of the living dead (Living dead)
Mom, I got the boogeyman under my bed (Yo, look)
Daddy, I got zombies up in the shed (I'm scared)
Bloody bodies, I see people up under the stairs ([?])
Have nightmares on Elm Street, I can't stop
People wait, the demons looking just like us, my family (No)
Insanity is crazy, they creepin' on up to chase me (No)
We stuck inside this haunted house
Now they got us running out
Let's go, let's go

I got 5 on us
Yo, let's go, let's leave the scene
I got 5 on us
Won't believe what I just seen
I got 5 on us
And I ain't going out like that
I got 5 on us
Man, just run and don't look back

I ain't 'bout to die bruh, I'ma air it out, droppin' whatever get near us
I'ma hear a 'tch-tch' or a 'ah-ah', I'm lettin' off like 'rrat-rrat'
I ain't fin to be playin', that's that evil, I don't do ghost
I dream about 'em, I be waking up screamin', "Ah, that was too close"
And I ain't checkin' nothin' out, Nummie ain't even hear it
Numie go numby to the honeycomb, but I'll be here and steer it
Listen, whistle if y'all see it, I'll let y'all know if I hear it
Then everybody duck, this Chinese AK gon' kill it

I got 5 on us
Yo, let's go, let's leave the scene
I got 5 on us
Won't believe what I just seen
I got 5 on us
And I ain't going out like that
I got 5 on us
Man, just run and don't look back
