Lupe Fiasco

Top down coupe that breeze it feel like woo
Shoutout to my niggas that's on lockdown just like Roots
Locked around some lifers they got snipers on the roof
Standin' with that pole out, try to roll out, they gon' shoot
Top game to a player ain't no pimpin' with a noose
Why you tie down hoes they choosin let them bitches loose
OG told me tusslin' over cuffin' is for goofs
If you gon' be out here hustlin' stick it to the roots

Locate, lock down, loot up, lights on lock in and produce
Albert Einstein bitch I'm in here cookin' up a nuke
And if I drop a freestyle bitch I drop it off the roof
Fuck these niggas talkin' bout how you gon' lie to the truth

Dynamic duo nigga I don't walk around in groups
Just touched down Miami, Billy he good for
The scoop
Nigga come and get me do the labor pick the fruit
Real water they'll pop you for the juice

TAPE TAPE NIGGA!

I don't Tik-Tok like a Carti
I got kicked out of they party
They said that I was naughty
Tell them bitch ass niggas I said sorry
Sorry I was born for this
Sorry I put on for this
Sorry I performed for this
Sorry you weren't warned for this
That's unfortunate, I'm sorry

I'm lying nigga fuck you niggas
Mama should've sucked you niggas
Then you wouldn't be born for this
I hate you got to see it but I love I get to be it
And that chopper look like World War 6
If a nigga wanna try it, pop it, cock it, fire, fire...
Major just like Really Doe
Feel me just like Gillie bro
She put it up on tippy-toes and drop it down like 64's
Milli just like six zeroes
Kill it like it's serial
Put it down in six feet holes
Put that thing on video
And act like you in porn for this
Act like you in porn for this
Act like you was born for it
We don't speak the same language like I was born foreign
I'm talking to the money like it's more important
I tuned out because it got a little boring

I don't Tik-Tok like a Carti
I got kicked out of they party
They said that I was naughty
Tell them bitch ass niggas I said sorry
Sorry I was born for this

Sorry I put on for this
Sorry I performed for this
Sorry you weren't warned for this
That's unfortunate, I'm sorry
