

# Cake

Lupe Fiasco

Hey, hey, hey  
Hey, hey, hey  
Hey, hey, hey  
Yeah

I've won, many things I've done  
But this one here, this one takes the cake  
(This one takes the cake!)  
I've won, many things I've done  
But this one here, this one takes the cake  
(This one takes the cake!)

Compliments on my accomplishments are only possible  
Due to your involvement, volume level, and confidence  
Or consequence stimulating your consciousness  
Activating the cognitive structures  
I thank all you motherfuckers and opposites still play a vital role in my co  
nquering  
A combination of confrontation and pondering  
Occupation is populating the conference with conversational astonishment  
Consuming the comments and then vomiting up the Vonnegut, aye  
Ominous as a monster is underneath your Posturepedic  
Possibly in the closet, it's in Acropolis  
Scary how I'm optimistically obstinate  
Ain't no domino, on my dominance when I'm dropping this Janis Joplin droplet  
s  
It sounds like the apocalypse mixed with Christopher Wallace's topics on top  
a obelisk  
It's a Kabbalist novelist inside of my esophagus  
Rhyme is priming, it's Optimus  
And this shit tastes like chocolate cake, cake

I've won, many things I've done  
But this one here, this one takes the cake  
(This one takes the cake!)  
I've won, many things I've done  
But this one here, this one takes the cake  
(This one takes the cake!)

This shit taste like winter  
Chocolate cake for dinner  
Birthday cake for breakfast, slice it like a ninja  
Pick up all the pieces, assemble like Avenger  
Authoring is August, wordplay is December  
That mean my pen is in cinders  
And my delivery shivers like Siberian areas  
Shippers slip on slickest icicles drip from the tips of my scriptures  
If you're a ship on a trip, don't hit on the tip of my glaciers  
Swim with the fish and flippers, I finish my pictures  
This is what didn't get it, gettin' hit and hittin' the different differs  
What did he do or didn't she, who are you mentionin'?  
Lu will duel dual identity, dueling enemies  
Do it to 'em, chewing through em  
Without doing it dentally  
Superhuman, flew em without refueling engines with energy  
This chemistry can it be, they Googlin' endlessly  
Even computers losing memory, bending mentally when they interface with the

lyrical ability

I've won, many things I've done (Yeah, yeah, yeah!)  
But this one here, this one takes the cake  
(This one takes the cake!)  
I've won, many things I've done  
But this one here, this one takes the cake  
(This one takes the cake!)
