A true pimp will never change  
When it's in your veins and your brains, you can't change  
If it's in your heart, then it's from the start

Yeah, look  
You cannot change a pimp  
Too many hoes, done overdosed off of this game I spit  
Broke on a stripper, before I had fucked my first famous bitch  
I had a lil' plug on the pack  
Yeah that's how I paid the rent
