

Cherry Red Wine

Luther Allison

Watching you baby, watching you all the time
Watching you baby, just watching you all the time
Watching you destroy yourself woman, all you do is
sitting around drinking wine
You worry me baby
I'm sitting here wondering what in the world can I do
We got so much to live for, darling
But I just can't sit here doing nothing and watching that
wine destroy you
I'm taking you to the doctor, darling
The doctor knows what's going on in your head
I'm taking you to the doctor, darling
Maybe he knows what's going on in your head
You gonna keep on drinking that bad wine, baby
Even the grass on your grave will be cherry red
