Going Down

Luther Allison

I'm going down Down, down, down, down, down

Going down Down, down, down, down, down

My heart in my hands My head laying all around

You see my woman, had to hurry home See my woman yeah, had to hurry home

I'm going down, down Down, down, down, down, down

Going down Down, down, down, down, down

I'm going down, yeah Down, down, down, down, down

My heart in my hands And my head laying all around
