

## Emma Dilemma

Luvcat

Emma Dilemma's in trouble again  
Two fellas caught in her fishnet web  
Half of her's in Manchester  
Half of her's in Spain  
Emma Dilemma's in trouble again

She's in hot, hot water  
Just how she likes it  
This whole show's all hers  
But you're all invited

Oh, Emma Dilemma  
Oh, going hell for leather  
She can't run forever  
I can let them get her  
Emma Dilemma

Mr. Milkman  
You're not so safe  
She'll pour you in the morning  
All over her cornflakes

She haunts the cemetery gates  
Down at The Horse and Jockey  
They want her head on a plate

Oh, Emma Dilemma  
Oh, going hell for leather  
She can't run forever  
I can let them get her  
My Emma Dilemma  
My Emma Dilemma

She'll burn down this chemical town  
And blow the policeman a kiss  
She'll eat the screws up for breakfast  
And lick her fingers afterwards
