

Cafe Racer

LVL1

Metete metete caña
Voy a cien por hora cuando tu me acompañas
Hoy estoy bastante segura
Quiero travesuras
Quítate las gafas baby que se empañan

Metete dale potencia
Tu y yo pura química, no hablo de ciencia
Se que tienes ganas lo noto
Llévame en tu moto
Y prende el motor si tu quieres mi toto
Quieren mi quieren mi toto
Quieren mi quieren mi toto
Quieren mi quieren mi toto
Quieren mi quieren mi

I wanna touch you you wanna touch me
I wanna get down you wanna get naughty
Lick on your tattoos
I want your ice cream
I want to get down
You wanna get get get

Want me so bad can't save me for later
Gripping you tight on your cafe racer
In the back room of the hotel rager
I'll be real nice let me do you a favor
Want me so bad can't save me for later
Head rolled back sticky wet I savor
Got me so hot on my bad behavior
Feeling real nice let me do you a favor

Know you got the stamina to make me sweat
Hold up baby I'm not finished yet
Talk nice to me kitty kitty wet wet
Lights out baby know you better do your best
Tell me are you with me can you keep this up
