

GOBLIN

LVL1

You sure you wanna get in trouble?
Then make it double
You really don't know, huh?
'Cause you'll never see me like that
You're too good and I'm either too much or just not enough
I will consume you until you hate me
Love you so much you won't know that I fake it
And when you leave me
Broken in pieces
You'll realise that you've never escaped me

¿Quieres venir para donde yo voy?
Honey, you really don't know me
A día de hoy lo que en el fondo soy
Es un mother-fucking-goblin

¿Quieres venir para donde yo voy?
Honey, you really don't know me
A día de hoy lo que en el fondo soy
Es un mother-fucking-goblin
