

Bigger Than This

LVNDSCAPE

The writing on the wall was clear to see
It was a perfect life, but not for me

And over and over I tried to show
I tried to buy us time
I did what I could to stay by your side
Felt the strength I had beating into the night
It was not enough, so I say

Sooooo long
I'm stopping for, stopping for nothing
Oh I'm loooooong gone
I'm living for, living for something
It's bigger than this

We flew across the sky, over the moon
Now Im better off walking out on you

And over and over I tried to show
I tried to buy us time
I did what I could to stay by your side
Felt the strength I had beating into the night
It was not enough, so I say

Sooooo long
I'm stopping for, stopping for nothing
Oh I'm loooooong gone
I'm living for, living for something
It's bigger than this

The writing on the wall was clear to see
It was a perfect life, but not for me
