

In My Mind

LVNDSCAPE

In my mind
I can change the street to sky
Turn my pain to paradise
In my mind, in my mind, in my mind

I remember when I walked the world in straight lines
Heavy heart in my chest, held on to the darkness
I was looking for someone to help me be strong
But now I found a place where I know who to be

In my mind
I can change the street to sky
Turn my pain to paradise
In my mind, in my mind, in my mind

Yeah who knows
Where our lonely roads may go
But I'll never be alone
In my mind, in my mind, in my mind

I believe in magic, miracles and spaceships
I believe in turning nothing into greatness
Call me left of center, I'm the great pretender
I can live forever lost inside a dream

In my mind
I can change the street to sky
Turn my pain to paradise
In my mind, in my mind, in my mind

Yeah who knows
Where our lonely roads may go
But I'll never be alone
In my mind, in my mind, in my mind

Uuh uh uuh uh uuh uh uuh uh
Uuh uh uuh uh uuh uh uuh uh
Uuh uh uuh uh uuh uh uuh uh

In my mind, in my mind, in my mind
Yeah who knows
Where our lonely roads may go
But I'll never be alone
In my mind, in my mind, in my mind

In my mind
I can change the street to sky
Turn my pain to paradise
In my mind, in my mind, in my mind

Yeah who knows
Where our lonely roads may go
But I'll never be alone
In my mind, in my mind, in my mind

Uuh uh uuh uh uuh uh uuh uh
Uuh uh uuh uh uuh uh uuh uh

Uuh uh uuh uh uuh uh uuh uh

In my mind, in my mind, in my mind
