

# Losing My Mind

LVNDSCAPE

I don't wanna feel you  
And I don't wanna care  
Even when I'm trying  
I can see you everywhere  
I don't wanna call you  
Don't know where you are  
Feels like I'm fighting  
With a heart full of scars

Every time I'm losing my mind  
Bittersweet memories at night  
I'm trying hard [?] mmh  
But I still need you by my side

Give me la, la, la la la la, la, la la la la, la la la love  
Baby, give me la, la, la la la la, la, la la la la, la la la love

You left me broken, can't fix myself  
No, you're with someone, with somebody else  
I'm sixty seconds away from home  
'Cause when you love me, yeah, I don't feel alone

Every time I'm losing my mind  
Bittersweet memories at night  
I'm trying hard [?] mmh  
But I still need you by my side

Give me la, la, la la la la, la, la la la la, la la la love  
Baby, give me la, la, la la la la, la, la la la la, la la la love

Every time I'm losing my mind  
Bittersweet memories at night  
I'm trying hard [?] mmh  
But I still need you by my side

Baby, give me la, la, la la la la, la, la la la la, la la la love  
Baby, give me la, la, la la la la, la, la la la la, la la la love  
Baby, give me la, la, la la la la, la, la la la la, la la la love
