

Sunkissed

LVNDSCAPE

Open road, open mind
Hands up, open skies
Summer long, you and me
The wheel is yours, where you wanna be

I'll take you anywhere
I'll take you anywhere, babe
I'll take you anywhere
Said I'm gon take you anywhere, babe

Hey take me where the love is, love is
Baby take me where I wanna go
Where everybody's sunkissed, sunkissed
Wanna see the skin glow

Hey take me where the love is, love is
Baby take me where I wanna go
Where everybody's sunkissed, sunkissed
Wanna see the skin glow

Open hearts, dancin feet
The MJ playin, on repeat
I see the kids on the west coast, the kids from the east
Nothin makes much sense, babe you're where I wanna be

I'll take you anywhere
I'll take you anywhere, babe
I'll take you anywhere
Said I'm gon take you anywhere oh-oh

Hey take me where the love is, love is
Baby take me where I wanna go
Where everybody's sunkissed, sunkissed
Wanna see the skin glow

Hey take me where the love is, love is
Baby take me where I wanna go
Where everybody's sunkissed, sunkissed
Wanna see the skin glow

Wanna see the skin
Said I, Said I'll take you where
Wanna see the skin
Ooooh take you where the love is, babe
Wanna see the skin
Anywhere, anywhere
Wanna see the skin

Take me where the love is, love is
Baby take me where I wanna go
Where everybody's sunkissed, sunkissed
Wanna see the skin glow

Take me where the love is, love is
Baby take me where I wanna go
Where everybody's sunkissed, sunkissed
Wanna see the skin glow
