

Not Here, Not Anywhere

Lycia

This place is just nothing
It's just like every place
It feels like nothing
I don't fit in
So on to another place
It's just like the last place
I just feel nothing
I can't fit in
Not here, not anywhere
....on to a new place
This day is just nothing
It's just like every day
It feels like nothing
I don't fit in
So on to another day
It's just like the last day
I just feel nothing
I can't fit in
Not here, not anywhere
....in to a new day
One, two, three, four...
