

## Orion

Lycia

Stars fall  
And we catch them  
Like snowflakes  
Of light dancing

Glitter silver moon  
Time stands frozen

Satellites  
Spin me dizzy  
I fall  
Into your arms  
I fall  
My heaven arms  
I fall  
Dust pulsates

Angels dreaming for you  
Are my sugar starshine dream  
With me tonight  
Mine  
Forever

The light is calling you  
Swirling heat dream  
Tonight in heaven  
Mine  
Forever mine

Time  
The sun turns blue
