

Come Fall

Lydia Lunch

I am king
I can do anything
Come follow
Come fall
I will show you
All and mine
Everythings mine

Then give you twin bright coins
To put all your eye lights lids down
Then fasten the door
Wander down
Fall in time
Fall in time
Fall in time
Fall in time

I count all of mine on fingers stained so
Come fall, come fall, close your eyes
We can dance on a tree
And you will never, touch the ground
Never touch the ground
Never touch the ground
Never touch the ground
Never touch the ground

She said
I can do anything
I am king
Come fall, come fall
Follow your leader
