

Lie To Me

Lydia

Clouds [?] up in the streets
Bud I'm moving like dust I breathe
I said "Careful, love, you know that we'll bleed"
Yeah well, uck me on you coldest, uck me on your coldest hour

Baby, you crazy, darling
Yeah well
Baby, you crazy, no, no no no
What if I'm crazy, darling?
Yeah, oh no, yeah well, oh no no

Go on and lie to me
Go on and lie to me
Go on and lie to me, yeah, I'm falling for you
Go on and lie to me
Go on and lie to me
Go on and lie to me cause I'm falling for you

Saw her movin' in the back of your eyes
Crawling out under the lights
Tell me how we gonna start our new life?
So where's that river going?
Where's that river going?

Baby, you crazy, darling
Yeah well
Baby, you crazy, no, no no
What if I'm crazy, darling?
Yeah, oh no, yeah well, oh no no

Go on and lie to me
Go on and lie to me

Go on and lie to me, yeah I'm falling for you
Go on and lie to me
Go on and lie to me
Go on and lie to me, yeah I'm falling for you
Go on and lie to me
Go on and lie to me
Go on and lie to me, yeah I'm falling for you
Go on and lie to me
Go on and lie to me
Go on and lie to me, yeah I'm falling for you

Seeing me move on my phone
I was never one to say no
So just bring yourself, come on lets go
Give me all your coldest
Give me all your coldest lies

Go on and lie to me
Go on and lie to me
Go on and lie to me, yeah I'm falling for you
Go on and lie to me
Go on and lie to me
Go on and lie to me, yeah I'm falling for you
Go on and lie to me

Go on and lie to me
Go on and lie to me, yeah I'm falling for you
Go on and lie to me
Go on and lie to me
Go on and lie to me, yeah I'm falling for you
