

## Paint My mind

Lydia

Well you told me all you'd do if you could  
said I hope you find something that is good  
and if you lose your way out there a few times  
yeah you should be alright, you'll be fine  
so pour out that poison inside your head  
and paint out them colors and watch 'em blend  
cuz they're saying (saying)  
saying, they're saying where are you running to  
and who are you running there with  
so paint my mind (paint my mind)  
and paint my soul (paint my soul)  
and warn your little mouth until you see my ghost  
so pour it out (pour it out)  
and watch the sky (watch the sky)  
run your little mouth and darling I do mind  
when you told me all you'd do if you could  
said I hope you find something that you should  
so pour out that poison inside your head  
and paint out them colors and watch 'em blend  
'cuz they're saying (saying)  
saying, they're saying where are you running to  
and who are you running there with

and warn your little mouth until you see my ghost  
so pour it out (pour it out)
