

Paper Love

Lydia

So paper love on my floor
and i don't care what you know
cuz when it glows then it glows
paper hearts on the floor
oh now I'm sure you know
cuz when it glows then it glows
and the music bouncing around
and the windows all went down
and I feel the crowd at my feet (yeah)
and a couple holes in my sleeves
a lot of music's playing in the streets
and the crowd is shaking at my feet
come on and float it up for me
a couple lights down the road
and I don't know what you know
but when it glows and it glows
a couple lights burning low
now I know what you know
cuz when it glows then it glows
and I feel the crowd at my feet (yeah)
and a couple holes in my sleeves
a lot of music's playing in the streets
and the crowd is shaking at my feet
come on and float it up for me
and i don't know a god damn thing
when you wanna hit the road again
anyway, anyway, anyway, yeah
and I've got these paper knives in my flow
and you were thinking how it all should go
get away, get away, get away, yeah
so, so
and I feel the crowd at my feet (yeah)
and a couple holes in my sleeves
a lot of music's playing in the streets
and the crowd is shaking at my feet
come on and float it up for me
come on and float it up for me
I don't know a god damn thing
when you wanna hit the road again?
anyway, anyway, anyway, yeah
