

## Seasons

Lydia

She wants to hear a song  
A song she can move to  
Yeah isn't that what you do?  
Come on, I know you

So I give it up  
I give it once up  
Shake her hips 'round  
Then we're gone  
Yeah, we're all gone

Just call my name  
If I don't say what you're thinking  
'Cause we got one more season

Well I'm a criminal at best  
The best you will find  
So come on make your move  
I got the whole night

I got to give it up  
I got to be honest  
Surely one more drink  
Yeah, that should solve it

Just call my name  
If I don't say what you're thinking  
'Cause we got one more season

So I guess I'll be the one to say  
I'm the one to blame  
You know I got a point, babe  
Don't look at me that way  
Yeah I thought about it all day  
But only in the worst ways  
So tell me where they at now  
And if, and if you sleep well
