

## Change The Game (Intro)

Lyfe Jennings

Ok is this thing on here  
Ok it's my turn to talk about it, alright  
I want to talk about the Lyfe Jennings project  
Album number 3... now this project kind of reminds me of an eph  
ipany I once had back in the old country ya know Jersey.

Now I would hang out at the old arcade and I would be up there  
watching the little kids come in and they would play the pinbal  
l ya know, and they would line up one by one to play the game.

The first kid would play until he was out of quarters then he w  
ould have to run up to the counter to get more quarters and he  
would lose his place. So another guy would step up in his spot,  
so the other guy would play of course until ya know he ran out  
of course to, but Then he would have to do the same thing ya k  
now go up front and get more quarters so some of the kids ya kn  
ow...

I notice that they came with their big bags full of quarters, y  
a know thinking that they would be able to play the game all da  
y but eventually they would run out of quarters too and they wo  
uld lose their spot, but low and behold there was this one kid  
I mean a short stumpy guy ya know not a lot of kind features bu  
t there was an ora about this kid ya know something different..  
.

Now you see this kid he bought a kid with him now everybody tho  
ught that these two guys were in competition or something, but  
when the kid would near the end of his gme he would send the ot  
her kid to go and get more quarters.

So the guy would be on the game, I mean he would be on the game  
every day for hours I mean until he was ready to leave he woul  
d stay on the game

And boda boom boda bing that's when it dawned on me that this p  
inball thing is just like any other thing in life just like any  
other thing the guy who stays in the game the longest is the g  
uy that brings change
