

On God (Interlude)

Lyfe Jennings

Don't believe in God, you're an atheist
Kill for your country in the name of God, you're a patriot
And slave a whole race of people, get away with it
Long as it say in the name of God, he okay with it

Bible says slaves, obey your master
And way you get to have fun
You're gonna live happily ever after
Who get more pussy than a motherfucking pastor?

Little blue eyed Jesus sure came along ways since Africa
They say the early bird catches the worm, so get out of bed
But if that worm would've stayed asleep a little longer
He wouldn't be dead, still be livin'
If it walks like a duck, talks like a duck
Oh God, it ain't a chicken

They run a game on
Put the blame on
Shame on
