

I'm gonna close my eyes  
 Don't wanna see your back walking  
 This can't be the final line  
 Can't take this heart-breaking

Drew the line  
 Baby, you cross it every night  
 It's you I see, so

Turn around, yeah, you  
 Turn around, turn around  
 Turn around, yeah, you  
 The movie is you and I

Tears running down my eyes  
 Look, you made a grown woman cry  
 But I'm gonna love you like  
 A miracle woman, ah, so

Turn around, yeah, you  
 Turn around, turn around  
 Turn around, yeah, you  
 The movie is you and I

[Backwards:] But I'm gonna love you like

The movie is you and I  
 [Backwards:] The movie is you and I. The movie is you and I  
 The movie is you and I  
 [Backwards:] Turn around, yeah, you

Wait 'til you see, it's so real to me  
 I'm closing my eyes  
 Every night, every time  
 I'm closing my eyes  
 Why can't you see  
 It's so real to me?  
 I'm closing my eyes

Find me (In the movie)  
 Love me (In the movie)  
 In the movie, so

Turn around, yeah, you  
 Turn around, turn around  
 Turn around, yeah, you  
 The movie is you and I

[Backwards:] But I'm gonna love you like

The movie is you and I  
 [Backwards:] The movie is you and I. The movie is you and I  
 The movie is you and I  
 [Backwards:] Turn around, yeah, you  
 The movie is you and I  
 The movie is you and I

Close your eyes, your eyes  
The movie is you and I

Close your eyes, close your  
Wait, where was I? Where was I?  
Close your eyes, your eyes  
The movie is you and I  
Oh, close your eyes, your eyes  
Close your eyes, your eyes
